### Agenda Item Description:
Discuss and Possibly Act Upon an Ordinance on Its First Reading Amending Chapter 11, Garbage and Trash, of the Code of Ordinances, City of Brenham, Texas

### Summary Statement:
In March and April 2020, the City Council approved a contract with Brannon Industrial Group, LLC d/b/a BVR Waste and Recycling (BVR) for Residential and Commercial Sanitation and Recycling Services. As a result of the outsourcing of sanitation services, Chapter 11 of the Code of Ordinances needs to be amended to reflect the new provider and new methods of collection. The ordinance being presented for your approval is a complete rewrite of the existing Chapter 11. Some of the significant provisions of the ordinance are summarized below:

- **Exclusivity:** BVR is to be the sole provider of regular residential and commercial sanitation and recycling services. Please note that roll-off services (temporary dumpsters) are not included. Companies wishing to provide roll-off service must obtain a franchise from the City.

- **Container assignment:** Carts and dumpsters are owned by BVR and assigned to a physical address. They do not belong to the customer and cannot be replaced, transferred, or removed by the customer. They may not be vandalized or misused. Any damage caused by misuse or neglect may result in a customer being charged for a replacement.

- **Obstruction of containers prohibited:** Parking within 3 feet of a cart, or in a way that prevents collection, is prohibited.

- **Unauthorized use:** Trash may not be deposited in, or removed from, a cart or dumpster by anyone other than the customer to whom the container is assigned.

- **Rates:** Sanitation rates will continue to be set by Council.

- **General Information about Residential Collection:**
  - Only residential trash may be placed in carts. Yard waste, construction debris, hazardous waste, etc. are prohibited.
  - Only recyclable materials may be placed in the recycling cart.
  - All trash must be in bags to prevent scattered debris from spills or wind.
- Lids must be kept closed when cart is not in use. Carts may not be overloaded.
- Carts may not be stored curbside for routine use. They must be stored near the home.
- Carts may be placed at the curb no earlier than 8:00 pm on the night before collection and must be removed from the curb by 8:00 pm on the day of collection.
- To ensure collection, carts should be placed curbside no later than 8:00 am on collection day.
- Carts must be placed at least 3 feet from fixed objects. They may not be placed in the street or on a sidewalk and may not be placed under low-hanging tree limbs or electrical lines.
- Trash not contained in a cart will not be collected. Bags may not be placed on the side or top of a cart.

- **General Information about Commercial Collection:**
  - Rates will be based on container size and service level (frequency of service).
  - Lids and doors of containers must be kept closed when the container is not being filled.
  - Screening (camouflage of dumpsters) must comply with zoning regulations. The City may provide exceptions on a case-by-case basis.
  - Solid waste must be bagged before placement in dumpster.
  - Customers must provide safe and unobstructed access to dumpsters on collection days.
  - Recycling service is optional for commercial customers.

Serviced containers shall be removed from the curb, or other approved collection point, and returned to a location near or adjacent to the dwelling structure no later than 8:00 P.M. on the day of collection.

Customers shall ensure that containers placed for collection are not blocked by a motor vehicle and are at least three (3) feet from other carts, mailboxes, vehicles, trees, telephone poles, water or gas meters, or other fixed objects. Containers shall be placed with arrows on the top of the cart facing the street. Carts shall not be placed on a sidewalk, over sprinkler heads, or under low-hanging tree limbs or cable/electrical wires.

**AGENDA ITEM DESCRIPTION:** Discuss and Possibly Act Upon a Donation in the Amount of $20,000.00 to the City of Brenham Community Projects Fund, Inc. for the COVID-19 Economic Response Fund and Authorize the Mayor to Execute Any Necessary Documentation

**SUMMARY STATEMENT:** In response to the COVID-19 Pandemic, the Director of Economic Development Susan Cates has been working to establish a Washington County COVID-19 Response Fund to provide financial assistance to our local small businesses.

The Washington County COVID-19 Response Fund will provide grants to our most at-risk small businesses (those with fewer than 20-full time employees) and the amount of funds distributed will be determined by the number of employees and how long the business has been open. Also, any business requesting assistance will also be required to demonstrate how the COVID-19 emergency has affected their business.

The City’s donation of $20,000.00 would come from the City Manager’s contingency fund. Under Section 380.001, Texas Local Government Code, the City Council has the authority to make a donation of the City’s funds to promote economic development and to stimulate business and commercial activity within the City.

Dear Community Leader:

How a community responds to the health and economic crisis caused by the coronavirus pandemic may very well define who we are as a community for a very long time. Many of our small businesses are facing hardship, even permanent closure. According to a recent US Chamber of Commerce poll, 54% of US small businesses have either closed or expect to close temporarily within the next two weeks. Permanent closures are on the horizon too: 43% say they are 3-6 months away, 24% say two months or less, and 11% say they have resources for less than one month.

Congress has dedicated $350 billion through the Coronavirus Aid, Relief, and Economic Security Act (CARES). We are encouraging every local small business in Washington County to apply for these funds through their bank and with the assistance of the Small Business Development Center at Blinn. But the program is struggling amid overwhelming demand and some small businesses are having trouble accessing these funds within the time necessary to save their business.

Small businesses are the backbone of our community and employ almost half of all Washington County's workforce. Loss of these businesses will be devastating to the long-term economy in our community. Small businesses are the ones that employ your neighbor, sponsor the baseball team, and give first jobs to our teenagers. Small businesses bring diversity to the types of restaurants available for a date night with your spouse, they support the Chamber of Commerce, and they are the first ones to step in when we have needed them during previous disasters. Now, our small businesses need us.

We have established the Washington County COVID-19 Response Fund to provide grants to our most at-risk small businesses, those with fewer than 20 full-time equivalent employees. The amount of funds available to each business will be determined based on the response to this request for support. Any Washington County Business is eligible to apply based on 1) number of employees, 2) must have been a for-profit business in good standing as of January 31, 2020, and 3) must demonstrate how the COVID-19 emergency has negatively impacted their business.

Please consider what you can donate to this fund which is tax deductible under the City of Brenham's 501(c)(3) status. Confirmation of your donation will be provided. For additional information, please contact me at SCates@CityofBrenham.org or 979-337-7231. We are truly InThisTogether.

Stay Well,

**General Information**

The Washington County COVID-19 Response Fund (Fund) is created through the support of community partners who recognize the financial stress our small businesses are experiencing as a result of the COVID-19 pandemic. We want to do what we can to provide some financial relief while businesses consider how to move forward through our current state of emergency. Our hope is that we can serve as a bridge to additional funding that may be received in the future from the government or through the Small Business Administration.

This program can only disburse the funds as they are received. Therefore, we cannot guarantee when (or if) funds will be available for applicant requests. However, Washington County has shown itself to be a generous and resourceful community and our hope is that funds will be available to meet the needs of our most at-risk businesses.

Some of the items businesses will want to include in the application are monthly business expenses for: rent/mortgage, utilities, payroll, supplies & inventory, and debt related to equipment or materials. We also encourage each business to contact each entity to which they owe money. Many banks, landlords, suppliers, etc. are making payment accommodations during this COVID-19 crisis.

**What is the Washington County COVID-19 Response Fund?**

The Washington County COVID-19 Response Fund (Fund) is a fund designated under the City of Brenham Community Projects Fund, Inc. (BCPF), a 501(c)(3) organization managed by a board of directors appointed by the City Council of the City of Brenham. The Fund is managed and administered by a Fund Oversight Committee that will approve all Fund disbursements. All donations to the Fund will be disbursed to qualifying small businesses (except for a 3% fee charged by PayPal for online donations.) Donors will receive acknowledgement of donations for tax purposes. Donors may remain anonymous at their request.

**Who may submit a funding request?**

The Fund was created in response to the current state of emergency caused by the COVID-19 pandemic and in recognition that businesses are in distress and struggling to maintain their business and pay employees until the funds provided by the Federal CARES Act stimulus package are received. The Fund is open to all businesses in Washington County, Texas who:

1. Have fewer than 20 full-time equivalent employees as reported on the most recent TWC Form C-3 filing; and
2. Were a for-profit business in good standing as of January 31, 2020—no delinquent taxes and operating at normal capacity/hours as of that date; and
3. Is able to demonstrate how the COVID-19 emergency has negatively impacted the business; and
4. Has applied, or is in the process of applying, for federal funding from the CARES Act stimulus package approved by Congress.

Priority consideration will be given to businesses who:

1. Operate a ‘brick and mortar’ business rather than work from home;
2. Employ at least one person other than the business owner; and
3. Have attempted to make accommodations to stay in operation and keep employees on payroll through the COVID-19 crisis.

**What can this funding be used for?**
The primary goal of the Fund is to help our community’s small businesses pay expenses until federal stimulus funds are received. Therefore, funds may be used for any necessary business expenditure: payroll, rent/mortgage, inventory and supplies, utilities, or monthly debt payment for equipment and materials. Other expenses may be submitted for consideration by the Fund Oversight Committee. Documentation of these expenses must be included.

**How do I demonstrate financial impact?**
Applicants will be asked to demonstrate how the business has been negatively impacted by the COVID-19 pandemic. This narrative should explain in what manner the business’s revenue has been negatively impacted and how the business is making accommodations during the COVID-19 pandemic.

**How will the funds be received?**
Upon approval, the funds will be disbursed as a forgivable loan. Once a loan agreement is executed between the approved business and the BCPF, an ACH Direct Deposit will deliver funds to the business’s preferred bank account. When the business expenses for which the funding was approved are paid by the business, the business will provide documentation (for example, receipts) showing payment, and the loan will be forgiven. Terms and conditions for loan amounts that are not forgiven by documentation of the expenditure will be contained in the loan agreement. It is the intention of the program that all funds donated are paid to qualifying small businesses and that all funds disbursed to small businesses, upon presentation of proper documentation, are forgiven and do not require any repayment.

The minimum amount of funding for which an application may be approved is $500.00, and the maximum amount is $3,000.00; however, upon recommendation of the Fund Oversight Committee, the BCPF board of directors may approve, on a case-by-case basis, funding amounts that differ from the minimum and maximum amounts as established. All distributions are contingent upon the availability of funds and the approval of the Fund Oversight Committee. All decisions of the Fund Oversight Committee are final; however, every effort will be made to work with applicants if the request is denied due to an incomplete application or insufficient documentation. At this time, only one application per business will be considered.

This loan is forgivable up to and not exceeding the Principal Amount of this note, to the extent and in the amount for which the Borrower provides sufficient documentation (for example, paid receipts) to the Lender’s designated officer demonstrating payment of Borrower’s business expenses. Neither the loan nor any portion thereof shall be considered forgiven unless the Lender, through its designated officer, approves forgiving of the loan or applicable portion thereof in writing. The Lender’s designated officer shall endeavor to consider and act upon the loan forgiveness within a reasonable time after the Borrower provides documentation to the Lender’s designated officer demonstrating payment of Borrower’s business expenses.

In the event the loan, or a portion thereof, is not forgiven in accordance with the provisions of this note as set forth herein above and is not repaid within one (1) year from the date of the loan, the Principal Amount, or remainder thereof, shall begin to accrue interest at the rate stated herein above. The Borrower shall then have one (1) year to repay the debt in installments agreed upon with the Lender’s designated officer.

The loan, or a portion thereof, that is not forgiven in accordance with the provisions of this note as set forth herein, and accrued interest, if any, shall be due and payable in full, no later than two (2) years after the date of this note, said date being ______________________, 2022 (the “Maturity Date”). After maturity, Borrower promises to pay any unpaid principal balance plus interest at the Annual Interest Rate on Matured, Unpaid Amounts.

Notwithstanding any other provision of this note, in the event of a default, before exercising any of Lender's remedies under this note, Lender will first give Borrower written notice of default and Borrower will have ten (10) days after notice is given in which to cure the default. If the default is not cured ten (10) days after notice, Borrower and each surety, endorser, and guarantor waive all demand for payment, presentation for payment, notice of intention to accelerate maturity, notice of acceleration of maturity, protest, and notice of protest, to the extent permitted by law. Upon default by Borrower, and after the expiration of the ten (10) day period to cure the default, the Lender may accelerate the note and declare the entire amount of principal and interest due and payable to Lender immediately.

Borrower also promises to pay court costs and other costs and attorney's fees assessed by a court if this note is placed in the hands of an attorney to collect or enforce the note. Borrower will pay Lender these expenses on demand at the Place for Payment. These expenses will become part of the debt evidenced by the note and will be secured by any security for payment.

- **Name of Financial Institution:**

- **Borrower’s Account Number:**
- **Name on Account:**

**Prepayment:** Borrower may prepay this note in any amount at any time before the Maturity Date without penalty or premium.

Interest on the debt evidenced by this note will not exceed the maximum rate or amount of nonusurious interest that may be contracted for, taken, reserved, charged, or received under law. Any interest in excess of that maximum amount will be credited on the Principal Amount or, if the Principal Amount has been paid, refunded. On any acceleration or permitted prepayment, any excess interest will be canceled automatically as of the acceleration or prepayment or, if the excess interest has already been paid, credited on the Principal Amount or, if the Principal Amount has been paid, refunded. This provision overrides any conflicting provisions in this note and all other instruments concerning the debt.
